The Antique Bronze Range

Many of the early light switches were made in Antique Bronze and the finish became very fashionable in the Art Deco period.

This finish complements both traditional and modern designs and work particularly well on wood panelling and other unusual surroundings.

Sockets are supplied with black inserts as standard to complement the dark finish of the plate.

Available In:

Dolly Switch

Rotary Dimmer

Sockets

Combination Range

Home Automation & Dimming Control

Button Dimmer

Rocker Switch

European Socket

USB Charger Socket

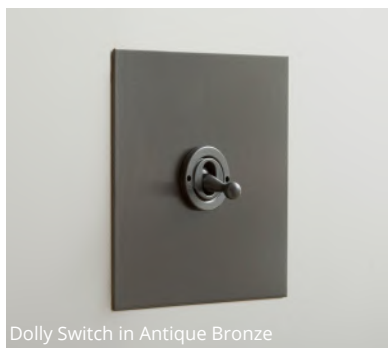

General Information

All switches conform to BSEN 0669/1. 13amp sockets conform to BS1363, 2amp and 5amp sockets conform to BS546.

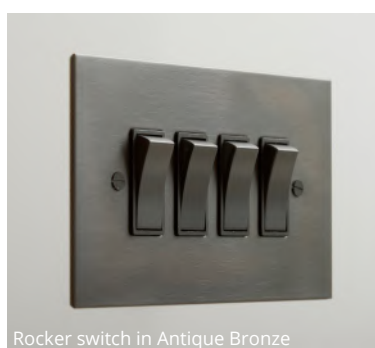

Single plates measure 86mm x 86mm and double plates measure 146mm x 86mm.

A full range of socket outlets are available, including power outlets, telecom and data, audio and visual, fused connection and floor sockets.

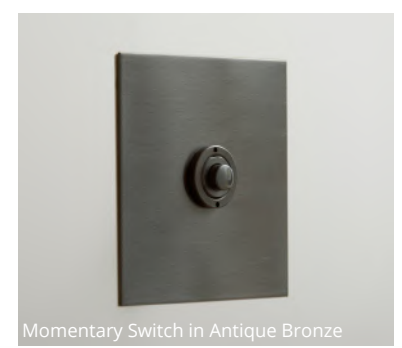

All Forbes and Lomax switches and sockets require British standard 35mm deep flush wall boxes.
