## The Invisible Range

Inspired by the glass switches of the 1930s but with all the advantages of modern technology, the Invisible Lightswitch® has become synonymous with Forbes & Lomax.

The transparent acrylic plates are secured without the use of fixing screws. The plate sits flush to the wall and is supplied with Brass, Brushed Brass, Nickel Silver, Stainless Steel or Antique Bronze switches or dimmers.

Each acrylic plate comes with a primed aluminium underplate which can be either painted or used as a template where wallpaper is used.

### Available in the following:

Dolly Switch  
Rotary Dimmer  
Button Dimmer  
Rocker Switch

A full range of socket outlets are available, including power outlets, European sockets, telecom and data, audio and visual, fused connection and floor sockets.

### General Information

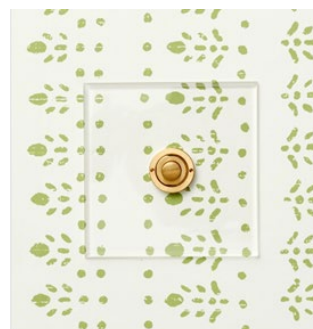

- All switches conform to BSEN 60669-1:2018. 13amp sockets conform to BS1363-2:2016 +A1: 2018, 2amp and 5amp sockets conform to BS546:1950
- Single plates measure 86mm x 86mm and double plates measure 146mm x 86mm
- All Forbes & Lomax switches and sockets require British standard 35mm deep flush wall boxes, but we recommend 47mm for ease of installation
