The Unlacquered Brass Range

The Unlacquered Brass plate is a living finish which starts polished but will mellow with age. It is suited to a more classical design as it mellows to a warmer colour and will continue to do so over time. For everyday cleaning, use a soft cloth but for a more thorough clean, use Brasso. Plates should be removed from the wall to prevent damage to wallpaper or paint, alternatively a protective layer of card can be inserted behind the edge of the plate. Do not use water-based cleaners as they will leave marks and damage the plates.

Available in the following:

Dolly Switch
Rotary Dimmer
Button Dimmer
Rocker Switch

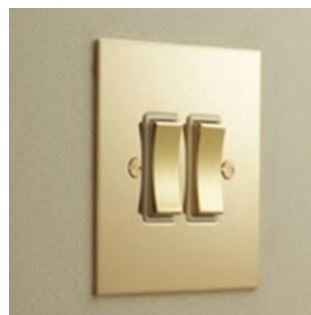

A full range of socket outlets are available, including power outlets, European sockets, telecom and data, audio and visual, fused connection and floor sockets.

General Information

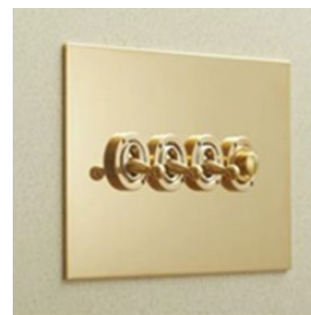

- All switches conform to BSEN 60669-1:2018. 13amp sockets conform to BS1363-2:2016 +A1: 2018, 2amp and 5amp sockets conform to BS546:1950
- Single plates measure 86mm x 86mm and double plates measure 146mm x 86mm
- All Forbes & Lomax switches and sockets require British standard 35mm deep flush wall boxes, but we recommend 47mm for ease of installation
